

5 SIMPLE STEPS

To Simplify the Collective Bargaining Proposal Process

#1 - Eliminate Use Of Excel

PROPOSALS FAST & EASY

Utilize a Software tool allowing you to calculate proposal costs quickly and accurately so you can compare them and make decisions without excel spreadsheets.

#2 - See Exact Costs

FULL DETAILS BEHIND THE NUMBERS

Employee data uploaded directly so you can see each employee and their compensation cost in one place.

#3 - Easily Run Scenarios

COMPARE WITH EASE

Make adjustments for different scenarios and run revised proposals easily.

#4 - Apply New Structures

CALCULATE WITH EASE

Apply new compensation structures to your employee data and perform the calculations to see updated results when new agreements are effective.

#5 - Update Other Systems Easily

EXPORTED TO YOUR SYSTEMS

Easily export new compensation data to update your payroll and accounting systems.
